

PLANKTON ECOLOGY

Plankton Ecology Manager: Carmen Minucci

GROWTH CHAMBERS for EXPERIMENTS

GROWTH CHAMBERS for EXPERIMENTS are located at -1 floor (in the corridor in front of the stairs) and at third floor (hall #365), they are listed below and bookable [here](#).

Bookable instruments	Description	
Growth Chamber	<p>Growth Chamber #2 located at -1 floor east wing.</p> <p>Growth Chamber with vertical neon light for maintenance/ experiments on phytoplankton cultures.</p> <p>Settable Day/Night cycle. Settable Temperature: 15°C -22°C</p>	
Growth Chamber	<p>Growth Chamber #3 located at -1 floor east wing.</p> <p>Growth Chamber with vertical neon light for maintenance/ experiments on phytoplankton cultures.</p> <p>Settable Day/Night cycle. Settable Temperature: 15°C -22°C</p>	
Growth Chamber	<p>Growth Chamber located in the hall #365 at 3rd floor east wing.</p> <p>Growth Chamber with horizontal neon light for temporary maintenance/ experiments on phytoplankton cultures.</p> <p>Settable Day/Night cycle. Settable Temperature: 15°C -22°C</p>	

Growth Chamber

LED Light Growth Chamber located at 3rd floor east wing.

Growth Chamber with vertical dimmable LED light for temporary maintenance/experiments on phytoplankton cultures.

Settable Day/Night cycle.

Settable Temperature: 15°C -22°C
