

# 1<sup>st</sup> International Summer School in Bioremediation of Aquatic Environments

October 7<sup>th</sup> - 10<sup>th</sup> 2025

Stazione Zoologica Anton Dohrn,  
Via Ferdinando Acton, 55 Naples - Italy

- 🌱 Explore microbial solutions for cleaner aquatic environments
- 👩🔬 Learn from global experts
- 🤝 Join hands for sustainable ecosystems

**NEW DEADLINE UNTIL 20th JULY**

Contact: [ssbiorem1@gmail.com](mailto:ssbiorem1@gmail.com)

## Final Program

**7<sup>th</sup> October 2025 (Location: Stazione Zoologica Anton Dohrn, Via Acton 55, Napoli)**

### Day 1: Bioremediation of aquatic environments: why, what, how?

8.30 – 9.00 Registration of Participants

Session Chair: Lucia Barra

9.00 – 9.15 Donatella de Pascale, Welcome to the BLUBIO Department and Summer School overview

9.15 – 9.45 Eduardo Ammendola (Impact of pollutants on neurologic and mental health in childhood: clinical questions)

9.45 – 10.15 Anna Crispo (Environmental exposure and cancer rate: analytical data overview)

10.15 – 10.45 Luigi Montano (Biomonitoring ecofood fertility on reproductive markers)

10.45 – 11.15 Coffee break

11.15 – 11.45 Renata Denaro (Bioremediation in marine environment bacteria specialist and their peculiarities)

11.45 – 12.15 Mirella di Lorenzo (An insight into bioelectrochemical systems for bioremediation and energy harvesting)

12.15-13:00 Francesco Regoli (Emerging contaminants and ecotoxicology: from molecular mechanisms to risk assessment)

13.00 – 14.30 Lunch

#### Practical Session

14.30-17.00 Example of bioremediation procedure: Set-up of a microcosms experiment.

**(Pietro Tedesco – Carmine Buonocore – Christian Galasso)**

17.00 – 18.30 Possibility for “SHOT-talks” (5-10 min presentations) by interested participants (first group), and poster session

#### Social event (Not included in the registration fee)

18.30 Visit to the Castel dell'Ovo and aperitif

# 1<sup>st</sup> International Summer School in Bioremediation of Aquatic Environments

October 7<sup>th</sup> - 10<sup>th</sup> 2025

Stazione Zoologica Anton Dohrn,  
Via Ferdinando Acton, 55 Naples - Italy

- 🌱 Explore microbial solutions for cleaner aquatic environments
- 👤 Learn from global experts
- 🤝 Join hands for sustainable ecosystems

**NEW DEADLINE UNTIL 20th JULY**

Contact: [ssbiorem1@gmail.com](mailto:ssbiorem1@gmail.com)

**8<sup>nd</sup> October 2025 (Location: Stazione Zoologica Anton Dohrn, Via Acton 55, Napoli)**

## **Day 2: Bacteria, fungi and microalgae in bioremediation processes**

Session chair: Pietro Tedesco

9.00 – 9.30 Anna Barra Caracciolo (Biodegradation and Bioremediation of emerging contaminants)

9.30 – 10.00 Laura Vitale (Innovative approaches in using of bacteria for bioremediation)

10.00 – 10.45 Alessandra Norici (Microalgae-based strategies for wastewater remediation)

10.45 – 11.15 Coffee break

11.15 – 11.45 Sergio Balzano (Microalgae from polluted environments as tools for bioremediation)

11.45 – 12.15 Angela Sardo (Heavy metals bioremediation using microalgae)

12.15 – 13.00 Giovanna Cristina Varese (Fungi in soil and water bioremediation)

13.00 – 14.00 Lunch

## **Practical Session**

14.00 – 17.00 Isolation of microalgae suitable for bioremediation (**Lucia Barra – Nadia Ruocco – Sergio Balzano – Angela Sardo**)

17.00 – 18.30 Possibility for “SHOT-talks” (5-10 min presentations) by interested participants (first group), and poster session

## **Social event (Not included in the registration fee)**

19.00 Social dinner (to be defined)

# 1<sup>st</sup> International Summer School in Bioremediation of Aquatic Environments

October 7<sup>th</sup> - 10<sup>th</sup> 2025

Stazione Zoologica Anton Dohrn,  
Via Ferdinando Acton, 55 Naples - Italy

- 🌱 Explore microbial solutions for cleaner aquatic environments
- 👤 Learn from global experts
- 🤝 Join hands for sustainable ecosystems

**NEW DEADLINE UNTIL 20th JULY**

Contact: [ssbiorem1@gmail.com](mailto:ssbiorem1@gmail.com)

**9<sup>th</sup> October 2025 (Location: Stazione Zoologica Anton Dohrn, Via Acton 55, Napoli)**

## **Day 3: Innovative approaches in bioremediation**

Session Chair: Christian Galasso

9.00 – 9.30 Pietro Tedesco (The potential of Microbial-Induced Calcite Precipitation - MICP - process in bioremediation)

9.30 – 10.00 Bruna Matturro (Biomonitoring, optimization and in-situ application of technologies for bioremediation)

10.00 – 10.30 Erkki Lindberg (Water wastes and bioleaching)

10.30 – 11.00 Coffee break

11.00 – 11.30 Andrea Strazzulli (RePLAY Mining Microbial Dark Matter for PET-Active Enzymes: Unlocking Hidden Biocatalysts for Plastic Degradation and Upcycling)

11.30 – 12.00 Donata Iandolo (cryogels and hydrogels structure for biotechnological application: a focus on bioremediation)

12.00-13.00 Heinrich Eisenmann (Monitoring of organic pollutants degradation through microcosm and in situ approaches)

13.00 – 14.00 Lunch

## **Practical Session**

14.00-17.00 Example of bioremediation procedure: monitoring of microcosms

**(Pietro Tedesco – Carmine Buonocore – Christian Galasso)**

17.00 – 18.30 Possibility for “SHOT-talks” (5-10 min presentations) by interested participants (first group), and poster session

## **Social event (Not included in the registration fee)**

19.00 Walk for the streets of historical centre of Napoli and Pizza

# 1<sup>st</sup> International Summer School in Bioremediation of Aquatic Environments

**October 7<sup>th</sup> - 10<sup>th</sup> 2025**

Stazione Zoologica Anton Dohrn,  
Via Ferdinando Acton, 55 Naples - Italy

- Explore microbial solutions for cleaner aquatic environments
- Learn from global experts
- Join hands for sustainable ecosystems

**NEW DEADLINE UNTIL 20th JULY**

Contact: [ssbiorem1@gmail.com](mailto:ssbiorem1@gmail.com)

**10<sup>th</sup> October 2025 (Location: Stazione Zoologica Anton Dohrn, Via Acton 55, Napoli)**

**Day 4: Bioremediation experiences and performance monitoring**

Session Chair: Eugenio Rastelli

9.00 – 9.30 Daniela Coppola (Innovative approaches in marine sediment bioremediation: introducing the LIFE SEDREMED PROJECT)

9.30 – 10.30 Emanuela Buschi (The LIFE SEDREMED PROJECT: major achievements and lessons learned)

10.30 – 11.00 Coffee break

11.00 – 12.00 Alessia Amato (Towards Sustainable Sediment Remediation through Life Cycle Analysis (LCA))

12.00 – 12.30 Stefano Papirio (Innovative biological treatment for nitrogen removal from wastewater)

12.30- 13.00 Final remarks and best poster and best presentation award assignment (free lunch)

# 1<sup>st</sup> International Summer School in Bioremediation of Aquatic Environments

October 7<sup>th</sup> - 10<sup>th</sup> 2025

📍 Stazione Zoologica Anton Dohrn,  
Via Ferdinando Acton, 55 Naples - Italy

- 🌱 Explore microbial solutions for cleaner aquatic environments
- 🌍 Learn from global experts
- 🤝 Join hands for sustainable ecosystems
