SELECTION N. 36/2019

PUBLIC SELECTION FOR RECRUITMENT BY TITLES AND EXAMINATIONS OF ONE TECHNOLOGIST (PERMANENT POSITION) - III PROFESSIONAL LEVEL – BASED AT THE STAZIONE ZOOLOGICA ANTON DOHRN IN NAPLES

The General Director,

... ommissis ...

Declares

Art. 1

Subject of the Call for Selection

An open public competition based on evaluation of titles and qualifications, exams and interview is open for the recruitment of a Technologist (permanent position) - III professional level. The topic of the call is: **“Research and management of technological infrastructures for marine mammals”**.

Art. 2

Requirements for admission

The participation in the selection is free, and open to all EU citizens.

To be eligible for selection must have the following requirements:

- a) EU citizenship. Family members of citizens of the EU member states can also apply, even without having the citizenship in one of the EU Member State, as well as citizens of third countries holding residence in EU countries or permit for long-term residents, or having the refugee status or subsidiary protection status;
- b) Master Degree or equivalent Degree in Biological Sciences, or Marine Biology, or Environmental Sciences, or Veterinary Medicine or similar or equivalent degree;
- c) to have no criminal convictions that prevent, in accordance with the current provisions, the establishment of an employment contract with Public Administrations in Italy;
- d) to be not dismissed or laid off from the public service;
- e) to possess all civil and political rights in the country of origin;
- f) regular position with regard to military service for Italian citizens who are subject to it.

All requirements, under penalty of exclusion, must be fulfilled by the date of the deadline for the application and by the date of the employment.

Candidates are also requested to have:

- at least 3 years of professional experience consistent with the topic of the Call
- Experiences in III Mission Area (Dissemination & Outreach) and scientific dissemination activities on marine mammal conservation issues.
- Experience in the field and in scientific research networks.
- Knowledge of advanced research methodologies in bioacoustics and / or population genetics, and / or ethology, and / or visual census, monitoring and manipulation of marine mammals, aimed at developing interdisciplinary approaches for the conservation of these species in their habitat.

Candidates in possession of similar degrees achieved abroad with a declaration of equivalence to the Italian degree, released by Italian authorities, or the candidates that in any case obtained the declaration according to the current law, are also admitted.

For the request of equivalence, please visit:

<http://www.cimea.it/en/servizi/procedure-di-riconoscimento-dei-titoli/riconoscimento-non-accademico.aspx>

<http://www.funzionepubblica.gov.it/articolo/dipartimento/22-02-2016/modulo-la-richiesta-dellequivalenza-del-titolo-di-studio-stranieri> .

Candidates have the responsibility, under penalty of exclusion, to prove the equivalence by presenting the certificate of recognition, or alternatively the statement that the “request for equivalence” has been already requested and that the procedures for the evaluations are started.

Good knowledge of English and computer skills will be verified by the Examination Committee.

The candidates are admitted to the examination subject to verification of the possession of the admission requirements. The assessment by the Administration or the Examination Committee of the lack of possession, even if only one of the aforementioned mandatory requisites will result in the exclusion from the selection or the loss of the right to the appointment.

Art. 3

Submission of applications - Terms and conditions

The application to the selection must be submitted exclusively through the following address:

<http://www.szn.it/index.php/en/tenders-and-job-opportunities/job-calls>

where the candidates can select the present Call and obtain access to the online forms, upon registration to the system.

The application must be submitted no later than the thirty-first day following the date of publication of the Call in the Official Gazette of the Italian Republic - IV Special Series, at 1.00 pm. The date of submission of the application is certified by the online system, which will be closed at the deadline, and will not allow the access to the procedure anymore.

For further information, or in case of any issues in submitting the application, the Candidates can contact the Responsible of the Procedure, indicated in art. 14 of the present Call, from Monday to Friday, 9.30 am – 1 pm GMT +1.

In their application, the candidates must declare, under their own responsibility the following information:

- full name;
- date and place of birth;
- citizenship;
- if the candidate is an Italian citizen, the municipality where he/she is registered in the electoral lists or the reasons for non-registration or cancellation from such a list;
- non Italian candidates must declare to possess all civil and political rights in the country of origin (except for applicants holding refugee status or subsidiary protection status);
- to be exempt of criminal convictions and legal pending proceedings precluding the access to the position or indicate the convictions and pending prosecutions, and their specific content. Alternatively the declaration “nothing to declare” should be explicitly presented;
- Qualifications, indicating complete title of the Master Degree, including the date of achievement and the issuing Institute;
- Should the candidate have any form of disability, it should be indicated in the application form, stating what help is required in relation to the handicap and the possible necessity of extra time required, according to art. 20 of the Law 5 February 1992, n. 104;
- English knowledge;
- Any services provided by public administrations and the causes of termination of employment;
- Of not having been dismissed from the Public Administration for persistent poor performance, or not having been revoked by another employment for having produced fake or vitiated documents, or not been banned from public office, or not retired;
- Previous or current employment in public Administrations, indicating the professional level and position;
- Computer skills;
- possession of reserve or preference titles. The titles must be indicated in the application, otherwise they will be not evaluated;
- only for Italian candidates is requested the PEC (certified e-mail address) to be used for official notifications concerning the selection; foreign candidate should indicate their email address;
- all candidates should indicate also a valid telephone number.

After having completed the online procedure, the system will produce a declaration that the candidate is requested to print, sign, scan and save as a PDF file. This file must be uploaded in the system along with copy of the identity document (the system will require to upload both sides).

Candidates having the kit for digital signature can digitally sign the application.

After submitting the application, the candidate will receive an email confirming the submission. This message has the value of receipt. In case of any issue, please contact the Responsible of the Procedure via pec: rupconcorsi@legalmail.it (for Italian Candidates) or recruitment@szn.it (for EU candidates) in order to verify that the application has been registered.

In case of need to reopen the application in order to be able to include any additions and / or changes within the deadline of the Call, the candidate can request the reopening of the application through the platform using the "Request support" function.

The reopening request must be presented online from Monday to Friday, 07:30am - 4:30pm GMT +1.

All communications concerning the Call will be sent to the e-mail address indicated by the candidates through the online system. Other information will be published on the Stazione Zoologica Anton Dohrn website, on the related page of the present call. This publication constitutes notification.

The Stazione Zoologica Anton Dohrn does not assume any responsibility for any failure to network connection, or in case of loss of communications due to incorrect or unclear transcription of personal data or addresses of the candidates or failure or late notification of change of address indicated in the application.

Art. 4 Exclusion from selection

Candidates are admitted to the selection on the basis of preliminary screening carried out by the Responsible of the Procedure.

Principles of exclusion:

- applications submitted in a different way from the online procedure reported above in art 3.;
- applications not fulfilling the requirements listed in Article. 2, comma a), b), c), d) e), f).

The Director General of the Stazione Zoologica Anton Dohrn may determine the exclusion of the candidate at any time when the lack of requirements has been certified by the Responsible of the Procedure.

A candidate will be excluded from all rights if reasons of exclusion are determined even after the completion of the selection.

False statements can be reported to the competent authorities.

Art. 5 Presentation of titles

The application form must be attached to the *EuroPass* Curriculum Vitae (CV) in which the candidate will detail, in an analytical way, states, facts and personal skills, bringing the exact references and information for the evaluation of each title.

In particular, the candidate will have to indicate:

1. studies completed and qualifications, with dates of achievement and final marks;
2. the services provided, the role and functions performed, the positions held and their duration and the public or private Institutions where they have been undertaken;
3. any other scientific, technical, professional and educational activity, the functions performed, the positions held and their duration, the results achieved and the public or private Institutions where they have been undertaken;

4. PhD in the field of the present call or consistent with the topic of the Call is a priority criteria;
5. the complete list of the scientific production divided into international publications peer reviewed with IF, *in extenso* publications on journal without IF, proceedings, technical reports, monographs/books, book chapters in addition to the following main scientometric indices:
 - a. total number of ISI publications with Impact Factor
 - b. total IF (based on the current data available from JCR);
 - c. H-index values;
 - d. Total number of citations.

The candidates should use *Scholar citations* and indicate the date when the indices have been determined.

The *Curriculum Vitae* must be completed and duly signed by the candidate with a legible signature. All declarations in the *Curriculum Vitae* are considered as affidavits of certification and deed of notoriety according to art. 46 of Presidential Decree 445/2000.

The application must be accompanied by the publications of the candidate in .pdf format and all documents of affidavits of certification and deed of notoriety certifying all titles to be considered for evaluation.

For non-Italian candidates, the Curriculum Vitae must be accompanied by the declaration of equivalence to the Italian degree, released by Italian authorities, or alternatively the statement that the “request for equivalence” has been already requested and that the procedures for the evaluations are started.

Under Article 15 of the law 12.11.2011 n. 183 it is forbidden to show to public administrations and private providers of public services, certificates issued by the PA concerning states, facts and qualifications that are, therefore, increasingly replaced by the affidavits of certification and deed of notoriety (arts. 46 and 47 of Presidential Decree 445/2000).

The Stazione Zoologica, pursuant to Article 71 and in relation to the Articles n. 75 and 76 of the Presidential Decree 445/2000 and subsequent amendments, carries out control over the reliability of the affidavits.

Art. 6 Examination Committee

1. The Commission will be nominated by the Administration council of the Stazione Zoologica upon proposal of the President and their meetings can be held by teleconference or videoconference.
2. The Decree of nomination will be published of the webpage of the Stazione Zoologica Anton Dohrn at the following link:
<http://www.szn.it/index.php/en/tenders-and-job-opportunities/job-calls>
3. In case of justified waiving or unavailability of one of the members, a deputy member is nominated, by Decree of the President of the Stazione Zoologica Anton Dohrn.
4. The members of the Examining Board are required to declare the absence of conflicts of interest which, in addition to legal obligations, is also extended to one or more of the following cases:
 - a. the Member of the Commission does not share professional or private interests with any candidate;

- b. the member of the commission did not cooperate with a significant part of the publications of any candidate;
- 5. Any changes in the legal status that occurred after the appointment do not affect the quality of the commissioner.
- 6. Any requests for rejection by one or more members of the Commission of selection by the candidates, if the conditions set forth in art. 51 of the civil code of procedure, must be proposed to the President of the Stazione Zoologica Anton Dohrn within the peremptory term of fifteen days from the date of publication of the decree of appointment. After this deadline, requests for rejection by the commissioners are not admitted.
- 7. No later than forty-five days from the date of communication of the appointment, the Commission shall hold the first meeting, during which the criteria of evaluation of qualifications, after issuing declarations of non-existence of incompatibility or conflict of interests pursuant to current legislation, are set.
- 8. Under Article 11 of the DPR 487/1994, the Commission concludes the Selection procedure within six months from the date of the written tests.
- 9. Failure to observe this requirement must be justified by the examining committee to the Director General.

Art. 7
Qualifications

For the evaluation of the qualifications, the Commission has a total of 30 points. In order to fall within the ranking the candidates have to pass the threshold of 21 points out of 30.

The qualifications evaluated are:

<i>Curriculum Vitae et Studiorum</i>	Max 15 points
<i>Publications, scientometric indicators and patents</i>	Max 15 points

To this end, the Commission will evaluate the following aspects of the candidates' CV:

- a) ability to attract funds from national and international competitive calls (e.g., national and international research projects, third party contracts), highlighting the positions held and any responsibilities assumed and their relevance;
- b) scientific coordination and/or participation in national and international research projects related to the topic of the call with particular attention to EU projects;
- c) networking skills and participation in scientific societies;
- d) participation in editorial committees of scientific journals;
- e) field experiences and specific national and international competences related to the topic of the call;
- f) national and international awards and recognitions for research activities;
- g) training activities, including tutoring of master's degree / specialization or doctoral thesis;
- h) third mission activities (technology transfer, public engagement, etc.).

The assessment of each qualification is carried out considering specifically the significance it assumes in relation to the specific role of the candidate and the quality and quantity of the research activity carried out by the individual candidate and in relation to the topic of the Call.

The evaluation will consider the level of independence of the candidate in relation to the early training research groups and his ability to work independently.

It is preferential to have performed at least one year (including non-continuative or post-doctoral research) of research activities abroad at universities and/or internationally recognized foreign research centers.

The evaluation of publications, scientometric indicators and patents will be aimed at highlighting the candidates' aptitude, proven by objective elements, to determine significant progress in the research area covered by the present selection, and will include:

- a) Consistency of the activity of the candidate with the topic of the Call or with the related interdisciplinary topics (publications not pertinent to the topic of the Call must be excluded from any evaluation);
- b) Scientometric values (referred exclusively to the publications related to the topic of the Call) to determine the scientific relevance of the editorial placing of the publications and their spread within the scientific community, with particular reference to the average IF of the publications, to the placing of the journals in the quartiles of the reference areas;
- c) originality and innovation of the scientific production and rigorous methodological strictness;
- d) individual contribution of the candidate, analytically determined in the papers in collaboration.

Before examining the documentation presented by the candidates, the examining commission will determine the criteria for the division of the maximum scores attributed to each category of qualifications.

The qualifications must be available by the deadline of the call.

The evaluation of the qualifications will be carried out after the written essays, only for the candidates who have passed them.

Art. 8 Evaluations

1. The exams are divided into:
 - a) two written essays in Italian or English (upon candidate preference), the first with a theoretical content and the second with an applicative type, aimed at ascertaining the possession of skills consistent with the scientific and /or technological activity indicated in the Call;
 - b) an interview, in Italian or English (upon candidate preference), consisting in the discussion about the written essays, curricular experiences and publications.
The interview aims also at ascertaining the knowledge of English and computer skills.
